Dear Girl Golfers and Parents:

Wow, YEAR 8 of LPGA*USGA GIRLS GOLF SAN DIEGO is just a month away! If you have been with us for a few seasons, you will find that this SEASON 8 will be GREAT in many new ways! For the Jr./Sr. high ladies, the first thing great is that you will have your own date! Future Stars and girls grades 6-12 will be gathering on MONDAYS! After two years of having the older and younger girls separated, it's time they have their own program without the distractions that come with the elementary age being on the same day! There will be more on course time and more individual attention so the newer golfer steadily improves and our more experienced and seasoned players have their needs met too! However at season-end we hope both programs will reunite and our older girls will show more confidence and will be excited to experience some mentorship and leadership opportunities in our "summer camp". The final week of the 2011 season will include the Father Daughter for the MHS Stars and then four days of FREE summer camp! This will be a great time for all the young ladies to measure their progress! The Elementary age program will once again be held on TUESDAYS and this year we will separate the girls as soon as everyone has checked in into groups of K-2nd grade and 3rd- 5th grades and within those groups, we will re-divide into smaller groups according to RIBBON LEVEL. Both programs will be fun and everyone will have an opportunity to learn all about the game of golf!

Each year we strive to empower girls to be their best! We hope each young lady will develop new friendships, be re-connected with previous playing partners, grow confidence, and earnestly desire to play more golf. Watching "our" girls take complete ownership of their own golf game is very important to us as we teach them to become golfers and enjoy great golf! Whether a girl comes for pure recreation, tournament preparation or social stimulus, we will do our best to meet her individual needs.

The LPGA * USGA GIRLS GOLF San Diego is truly your program and we welcome your thoughts, ideas and suggestions. Many of the unique changes of this GREAT SEASON 8 are because of your input and this program has evolved with its membership! We consider golf a "life skill" and golf affords us many circumstances to practice other life skills pertinent to success! We are determined to give you a curriculum and an environment where you will grow your character each week and be determined to develop your skill set!

There are amazing scholarships available for our high school seniors and we will continue to be philanthropic in nature as well. For the third straight season, our Father Daughter tournament proceeds will be given to the Susan G. Komen Foundation. We gave over \$1,000 last year!

Registration is critical to us! There is a lot of paperwork, so we need you to show up either Feb. 19th, 9-11am or Feb. 26th, 4-6pm. At registration we want you to sign up for a 15 minute evaluation time slot during the first week of March. This is also very important so you are given the proper ribbon level and set realistic and measureable goals for 2011. All forms will be sent to you and we will need you to print out and bring properly signed copies to registration. The LPGA requires us to send them a "live signature" on the application. Instead of a grand kick off day, we will pass along all of the important program information via email & your personal appointment!

Females are a special part of the golfing community and it is our honor and privilege to give you the gift of golf so that you can create your own "FOREVER MEMORIES" at the golf course!

Happy Golfing!

Coach Jacqui
